

NEELY TELLS DANGER
OF BOLSHEVISM

Urges Americans to Stand
By Flag in Address
Before Moose.

Pointing out the dangers of Bolshevism if it were permitted to hold sway in this country, Congressman M. M. Neely made a masterful address at last night's meeting of Fairmont Lodge, 9, Loyal Order of Moose, at Moose Home. In his remarks Congressman Neely said that thus far this menace to good government had not appeared in our community, but he gave a word of warning in case it would some day. He urged all American citizens to stand loyal to the Stars and Stripes.

Affairs of the Moose band are progressing nicely and the rehearsal on Tuesday evening was very fine. The band is short on clarinets, but the lodge has ordered a number of them and they have been expressed from Cincinnati to Fairmont. The next band rehearsal will be held on Sunday afternoon at 2:30 o'clock at Moose Home.

Officers elected at last night's meeting for the ensuing year were as follows: Dictator, O. M. Doolittle; vice dictator, Frank Stansberry; prelate, F. N. Dickerson; secretary (three years), Ray D. Harden; treasurer, H. E. Harden; trustee (three years), S. E. Boyer. The officers will be installed during the middle of April. Four applications for membership were received last night.

Plans are being made for the frolic of the Monongahela Valley Moose Heart Legion, which will be held at Clarksburg on Saturday evening, March 22. The Fairmonters will leave here on the 6 o'clock interurban car for Clarksburg to attend the frolic.

England Trying to
Grab the Cables

(By Associated Press.)

PARIS, March 13.—Realizing the possibility of a virtual monopoly of cable communication by Great Britain should her claims to the captured German cables be sustained with the consequent submission of the great foreign business interests of the United States to alien control in this respect, the American delegates to the peace conference are endeavoring to make a strong presentation of their case before legal authorities to whom the subject has been referred.

The naval experts who first considered the question were unable to agree and the Supreme Council, upon motion of Secretary of State Lansing referred to legal experts the question of title involved. These experts are being pressed by the American for a decision.

DESPONDENT WOMEN

A prominent writer claims that "women are naturally despondent" but often mental depression may be attributed to an abnormal condition of the system, which expresses itself in nervousness, headache, sleeplessness, and consequent despondency. Lydia E. Pinkham's Vegetable Compound goes to the root of this trouble, it gives tone and strength to the system and restores women to a normal, healthy condition.

Big Saving Made in
Educating Soldiers

WASHINGTON, March 13.—Approximately \$25,000,000 has been saved by the government through the adoption of the policy of placing disabled soldiers and sailors in existing educational institutions for retraining, the federal board for vocational education estimated today.

This sum the board announced would have been the cost of providing new institutions for the education of the men so that they might return to profitable employment.

World Faces Crisis
Sec. Lansing Says

PARIS, Tuesday, March 11.—"We have reached a crisis in the affairs of the world," said Secretary of State Robert Lansing at a banquet given to-night by the Inter-Allied Trust club in honor of the American peace commissioner.

Mr. Lansing was emphatic in his statement that the Allies must feed Germany and give the Germans opportunity to sell their products in the foreign markets if the danger of bolshevism is to be avoided. He painted a vivid picture of conditions in the war zone of France and pointed out that it was not through pity for Germany but to the Allies own advantage to see that anarchy was prevented in the former German empire.

BAD STOMACH; NEARLY

Mr. and Mrs. Hampton
Both Eat Anything
They Want Now.

"I have had stomach trouble and constipation for 3 years. I could not eat anything and almost starved to death. After I began to take Milks Emulsion I began to eat anything I wanted. I feel like a new woman and am doing my own work again."

"My husband also was badly afflicted with stomach trouble and for a long time lived on soup and light diet. Eight bottles of Milks Emulsion cured him sound and well and he can eat as much solid food as he likes."—Mrs. George Hampton, 608 North 14th St., Charleston, Ill.

Thousands of people have used Milks Emulsion with the same result that Mrs. Hampton describes. It costs nothing to try—it is guaranteed.

Facts For Furniture Buyers

TO remove the possibility of doubt which may exist in the minds of our friends and patrons it seems fitting to explain the facts of this business. And they are offered to consideration of all who may be interested either as immediate or prospective buyers of Furniture and other Home Furnishings and to the public in general.

In the year of 1900 the See Denham First Furniture Company was established by C. C. Denham at Jackson and Barney streets. It continued there during five years until the need for greater space brought about the move to Jackson street opposite the Court house, and from there to our present home on the corner of Jackson, and Jefferson streets.

To the majority of our patrons the store we now occupy is known as the Home of Good Furniture, although there are many who recall the earlier stores.

With due modesty we venture the statement that our business progress during nearly eighteen years was noticeably in keeping with the progress and prosperity of Fairmont. We were fortunate to have from the beginning men who were keenly interested in the Furniture Business not alone to profit themselves but also to assist in development of comfortable homes throughout this district. And this desire to render congenial, broad-minded service—to be of assistance to our patrons when conditions were unusual—to join with them in their problems of selection, moving, financing and in the various matters that came up from time to time—this deep seated desire to conduct our Furniture business on the basis of mutual interest and benefit gained the friendship and patronage of virtually every family in the upper Monongahela Valley.

During eighteen years it was our privilege to serve with friendliness and to receive in return each year a continually increasing list of friends and patrons.

But about one year ago it was decided that we needed a rest. After so many years under the yoke of business we felt that a change was in order and after much thought we disposed of our time-honored establishment and departed to a farm in Ohio.

Those who have followed one line of business or one profession or have worked at an occupation for as many years as we had been in the Furniture Business will appreciate the fact of how our old friendships and our old associations began to weigh upon us. They will know that after a time we became lonely for the old store and the old relationships and in brief words let us say that we finally arranged to return again to Fairmont and that WE PURCHASED THE SAME BUSINESS WE HAD PREVIOUSLY SOLD. We sold our interests on March 1st, 1918 and brought them back on February 11th, 1919 after an absence of exactly eleven months.

This brings us down to the present day.

Now we are again established at the corner of Jackson and Jefferson streets and the same old organization is waiting to greet you plus the addition of Frank A. Lloyd who has just joined us. Mr. Lloyd is widely known throughout this community as the reliable and long established paint and paper man.

Plans for a still further change are under way which will require moving into a very much larger building at 221 Monroe street. But announcement of the move will be made in time and for the present we have our enormously large stocks of Furniture and other Home Furnishings ready and waiting for your inspection at Jackson and Jefferson streets where we have been so many years. In fact we will always maintain this store and this stock and when the two stores are both operating we will have by far the most interesting Furniture displays to be found anywhere in Central West Virginia.

May we ask you to be sure to see us? Do this whether you are in the market for Furniture or not because our present mission is most of all to have you and all our friends understand that we are STILL IN BUSINESS AND STILL READY TO GIVE FINE FURNITURE VALUES AND THE MOST CONGENIAL TREATMENT TO THOSE WHO DEAL WITH US.
